the new consciousness is a streamlined spiritual perspective on life whose time has come at last it is not a new religion or sect neither is it a cult or a fad it has no  
doctrines or creeds rather it is a bulwark of impersonal realism and truth that authoritatively yet gently displaces all forms of ignorance and superstition in the  
same manner that light dispels darkness when light shines in darkness does not need to be overcame or fought against it is merely banished and forgotten in the  
same way that there is no battle there is no lingering condemnation or shame in so many ways human civilization has advanced beyond our highest ideals and  
expectations but when it comes to the pursuit and practice of spiritual truth we have remained remarkably stunted and stagnant ignorance and superstition have  
proven to be tenaciously resilient paradoxically despite their archaic origins they have been carried over right into this modern technological age the dawning of  
the new consciousness marks the beginning of the end for these stubborn archaic ideologies

a call for a paradigm shift in human thinking in recognition of the interconnectedness of all things a new mind for a new world explains how the instability of our current time is part of a larger cycle of human evolution that will soon turn toward renewal and regeneration reveals how to participate in the process of conscious evolution to maintain resilience during these transitional times examines new findings in quantum physics and quantum biology on the interconnectedness of all life and how to utilize this for conscious evolution for centuries indigenous wisdom traditions have talked of an epochal shift on the horizon of a spiritual renaissance for the earth and her living family now the timelines are converging and the potential for an energetic upgrade for humanity is here but first we must survive and evolve through the current period of transition explaining that evolution is not a gradual process but more like a shock to the system radical waves of transformation after a period of dormancy author kingsley dennis reveals that we are currently undergoing an evolutionary leap and shows not only how to survive but also thrive in this period of global upheaval and change examining the nature of evolutionary cycles he explains that the instability we are now experiencing climate change economic meltdowns and increasing political polarization is the convergence of complex systems that have reached a critical state what we need in order to push through to the coming spiritual renaissance is a paradigm shift in human thinking and perception a conscious evolution in recognition of the interconnectedness of all things a new mind for a new world examining new findings in quantum physics and quantum biology on the interconnectedness of all life as well as opportunities for us to reawaken our slumbering souls this book offers a glimpse of the new global society to come a renewed humanity for the 21st century and how each of us can best participate during the process of planetary transformation
